Dear Julie

I hope you're well.

I just wanted to send a quick note to thank you again for receiving our application for the Youth Band project. There's no need to respond, this isn't a chase, but I did have one thought after submitting the form.

Because the project runs over two years (April 2026–April 2028), I wondered whether it might be helpful for the committee if the funding request were split across the two relevant financial years. For example, rather than £1500 being allocated in 2026, the Council could, if it preferred, award £750 in 2026 and £750 in 2027.

This isn't a change to the application or a requirement, simply an option, should it make the decision-making or budgeting process easier for the Council. We're very happy to proceed in whichever way best fits your grant framework.

Many thanks again, and please let me know if you need any further information.

Best Wishes

Dear Julie

Thank you for the swift response.

If I am honest, I was expecting June based on the website, so I am sure April will be fine!
We are planning for this 2-year project to start from April, after the school easter holidays.

Best Wishes

Dear Kieran

Thank you for your grant application, our next Finance committee is this evening, so we have missed sending this over for approval.

Will this wait till our Full Council meeting in April, or do these funds need to be approved urgently?

Kind Regards

Julie Thomas
