**Subject:** Does the Council require tendering support for a new playground or MUGA?

Dear Ms Thomas,

If the Council is considering a new or redeveloping an existing **Playground**, I wanted to pass on the details for Sports and Play Consulting.

Our role is to support you independently in terms of **Assessing** existing facilities, **Advising** on any design considerations, and ultimately **Tendering** the work publicly for interested contractors.

There are specific guidelines when a council spends public funds (Procurement Act 2023), including the tender documents and how they are advertised. Notwithstanding, there is a high number of suppliers that vary considerably and scoring these contractors in terms of design and quality is critical to get the right one for your project.

We have undertaken over 150 projects over the last 8 years, and with a strong background in play design and tendering, it may be the support the Council needs.

If this is relevant, please feel free to contact myself and happy to have a chat over the phone about your objectives and how we may be able to support you throughout the process.

Regards,

Michael.
