Report

Agenda Item 9

Meeting: Finance Committee
Date: 3 November 2022
Report Author: Clerk to the Council

Review of Internal Audit and Audit Plan

Introduction

1. The Council is required to carry out an annual review of the effectiveness of its system of internal control. This report sets out that review.

Background

2. It is the Council's responsibility to undertake this review rather than the external auditor. Neither can it be delegated to the Clerk or the internal auditor.
3. Details of the review are enclosed for members' consideration.
4. Although it would be appropriate for the Finance Committee to carry out the review, a full meeting of the Council should receive and consider the results, because of the link to the Council's Annual Governance Statement.

Key Issues

5. The Council is required to annually review the effectiveness of its system of internal control.
6. The review feeds into the Annual Governance Statement. It should be completed first, rather than left to the year-end.
7. The Council has confirmed that BPU Chartered Accountants will act as the Council's independent Internal Auditors for the ensuing year.
8. The work of internal audit has been the subject to an engagement letter on appointment.

9. Current external audit arrangements are designed to meet statutory responsibilities while providing a sufficient level of audit assurance at a reasonable cost to individual councils.

Scope of the Review & Evidence

10. This Review has been undertaken using guidance produced by One Voice Wales and SLCC.

11. Evidence used to support the review included:

- Previous audit reports.
- Scope of the audit arrangements
- Dialogue with internal auditor to plan the audit.
- Internal audit annual report.
- Annual Return
- Information on audit arrangements as described above.
- Other feedback and observations provided in-year by internal audit and members in relation to the council's internal control environment.

Outcome

12. The review indicates that the Council's internal control environment is sound and effective. Remote working and compliance with emerging legislation maintained this environment in the light of restrictions associated with Covid-19 and new requirements about the way the Council conducts its business.
13. There are clear and established reporting lines between internal audit, the Clerk as RFO and members. Members play a lead role in preserving and monitoring the internal control environment. Documentation exists to support the conclusions reached by the review.
14. The report of the Council's internal auditor in relation to the 2021/22 Accounts confirmed a satisfactory system of internal control. The report of the external auditor is awaited. No issues were raised by the external auditor in relation to 2020/21.
15. This review has been the subject of consultation with the Council's internal auditor.

Financial Implications

16. The auditor has been appointed on terms approved by the Council. (Minute RMCC/11 refers)

Links to Corporate Objectives

17. The preservation of a sound internal control environment will help the Council operate effectively and work towards its corporate objectives. See also links to Risk Management Implications below.

Staffing Implications

18. The Internal Auditor is engaged by the Council but is not an employee of the Council. Council staff (and the Council's external accountant) support the audit process.

Risk Management Implications

19. Sound audit arrangements are central to the Council's overall risk management strategy, helping to reassure the Council and the public. They are critical to all aspects of the strategic and operational work of the Council.

Legal Implications

20. The Council is required to appoint an Internal Auditor who can undertake a review of the Council's systems and internal controls and audit the final accounts. The Council's financial operations and the work required by the Internal Auditor is controlled by the Accounts and Audit (Wales) Regulations 2014 (as amended).

Recommendation

21. It is recommended that the Council approves the enclosed Annual Review of Internal Audit and Audit Plan and the actions identified.

Annual Internal Audit Review

reported to members in accordance with the Plan. A Risk Register has been approved and is kept under review.

Checklist 2: Characteristics of Effectiveness

	Evidence of achievement	Yes/No	Notes/ Areas for Development
1. Internal audit work is planned	Planned internal audit work is based on risk assessment and designed to meet the council's needs.		
2. Understanding the whole organisation its needs and objectives	The annual audit plan demonstrates how audit work will provide assurance for the council's Annual Governance Statement.		
3. Be seen as a catalyst for change.	Internal audit supports the council's work in delivering improved services to the community		
4. Add value and assist the organisation in achieving its objectives.	The council makes positive responses to internal audit's recommendations and follows up with action where this is called for.		
5. Be forward looking.	In formulating the annual audit plan, national agenda changes are considered. Internal audit maintains awareness of new developments in the services, risk management and corporate governance		
6. Be challenging	Internal audit focuses on the risks facing the council. Internal audit encourages managers/members to develop their own responses to risks, rather than relying solely on audit recommendations.		
7. Ensure the right resources are available	Adequate resource is made available for internal audit to complete its work. Internal audit understands the council and the legal and corporate framework in which it operates
