EVAC+CHAIR®
Emergency Evacuation For Everyone

USER GUIDE

EVAC+CHAIR 300H RANGE

CE TÜV NORD FIA ROSPA

CELEBRATING 40 YEARS OF EVAC+CHAIR 1982 2022

MADE IN BRITAIN®

IMPORTANT INFORMATION

1. Your Evac+Chair should only be used by trained operators.
2. Operator training on your Evac+Chair 300H should be conducted in line with Evac+Chair guidelines, as stated in this user guide.
3. Our Operator and Key Trainer courses should be undertaken every 3 years, to ensure competency using the Evac+Chair 300H.
4. Ensure training records are maintained and up to date (see training record on page 4).
5. Quarterly practice with your Evac+Chair 300H is recommended to ensure staff remain trained and competent.
6. Quarterly inspection of your Evac+Chair 300H is recommended, to ensure the integrity of the chair is maintained. See page 22 for information.
7. We recommend two-person operation for heavier payload passengers.
8. As a Class 1 Medical Device, Evac+Chair offer service & maintenance of your Evac+Chair that should be undertaken by an approved service provider annually to ensure safe operation. This includes a physical, as well as a visual check and replacement of worn parts.
9. Only genuine Evac+Chair parts should be used when maintaining your Evac+Chair.
10. To ensure the optimal performance of your Evac+Chair, belts should be rotated every 3 months.

Note: *Whilst the products are designed to work in most stair applications, Evac+Chair International accepts no liability for damage to stairs caused when the chair is in use*

WARRANTIES & LIABILITIES

The Evac+Chair is guaranteed for five years against defective material and workmanship. This does not include parts subject to wear, such as 'V' belts, or damage caused by abuse or sabotage, and/or any other damage which has occurred due to a breaching of the guidelines contented in the User Guide or Training Manual. This includes getting your Evac+Chair serviced by a 3rd party company. 'V' belts are advised to be changed every 2 years on a basis of average use and practice.

Neither the manufacturer nor their agents shall make recompenses for repairs carried out by third parties or be liable for any damage, either incidental or consequential to property or persons. If you, the customer, are dissatisfied with the product or service provided by Evac+Chair International, please contact our customer service team on +44 (0)121 706 6744 or enquiries@evacchair.co.uk.

Passenger should not place all their weight on foot rest

TRAINING

DO YOU HAVE TRAINED OPERATORS?

REASONS TO BE TRAINED:

1. To adhere with legislation such as the Regulatory Reform Order 2005 (UK Only).
2. Renew your three year certification for chair use.
3. Training multiple employees means more people are able to operate and assist.
4. Be able to confidently operate the chair in your premises.
5. Ensure you comply with your evacuation policy.

Operator Training Course

A 2.5-hour training course designed to train delegates how to safely and correctly use an Evac+Chair. The course enables delegates to have hands-on experience in operating and deploying the Evac+Chair and provides guidance on the safe evacuation, of the mobility impaired.

Key Trainer Course

A 4-hour training course designed to train delegates how to safely and correctly operate an Evac+Chair, as well as providing the practical and theorectical skills to train and certify others. This course is designed for organisations with large numbers of people who require the flexibility to train in house.

Our training courses are suitable for 2-4 delegates. On successful completion, each delegate will be certified for three years.

To discuss your training requirements, please call

SERVICE & MAINTENANCE

HAVE YOU ARRANGED A SERVICE AND MAINTENANCE CONTRACT?

CHAS SafeContractor APPROVED

As a Class 1 Medical Device, your Evac+Chair should be regularly serviced and maintained to ensure its safe operation. This requirement is included within the PUWER Regulation (Provision and Use of Works Equipment Regulations 1998 - UK only).

Our maintenance contracts provide you with complete peace of mind that you are covered and should you have an emergency evacuation situation, your chair will be fully operational. Our contracts include labour and genuine replacement parts, ensuring your Evac+Chair is kept fully operational and meets legal requirements.

To discuss your maintenance requirements, please call
+44 (0) 121 706 6744

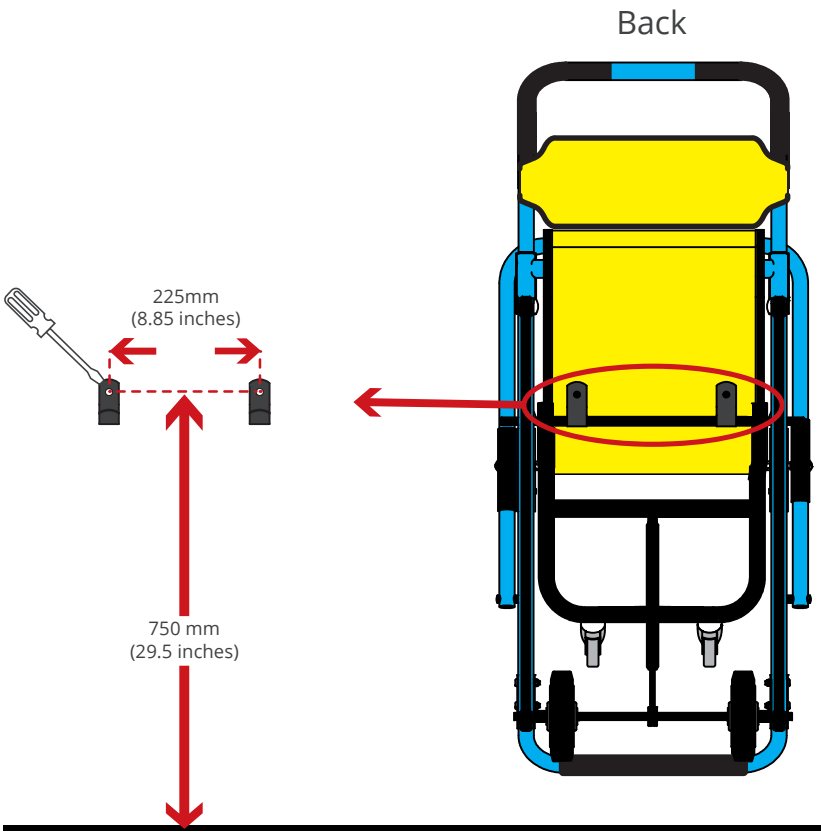
WALL HOOKS - FOR WALL MOUNTING



INSTALLATION

Evac+Chair, or an authorised distributor, can install your evacuation chair as well as provide expert advice and guidance on the most effective locations within your building.

evacchair.co.uk/maintenance

VISUAL INSPECTION

WE RECOMMEND YOU CARRY OUT A QUARTERLY INSPECTION TO ENSURE THE INTEGRITY OF THE CHAIR IS MAINTAINED.

DEPLOYMENT/STORAGE

- Ensure chair deployment is smooth
- No interference when chair is deployed or stored
- Ensure kickstand extends and retracts correctly

CHECK WHEELS

- No cracking of wheel or hub
- No splitting of wheels
- No malfunction of castor wheel brake
- Ensure wheels are free to rotate without impediment

CHECK HAMMOCK

- No obvious threading around seams
- No ripping of hammock material
- Check belt buckle operates correctly

CHECK HEADREST

- No obvious threading around seams
- No ripping of headrest material
- Ensure headrest is free to move along handle

CHECK BELTS

- No deep cracks or rips
- No large humps or severe bulging

Please contact Evac+Chair, or an authorised distributor **immediately** if any of these defects appear on your chair.
